Surface Mounting Kit for the Prox Rex® and Em Rex®

This mounting kit is for those areas where you cannot recess the unit into the wall. It includes a mounting block and deep surround to allow for the surface mounting of the Prox Rex® and Em Rex® Units.

Features:

- ▼ Can be used with both the Prox Rex® and Em Rex® Units
- ▼ The look is just like the standard unit but with a deeper surround
- ▼ It matches the standard units in colour and shape

Specifications:

- ▼ The unit is 120mm H x 77mm W x 27mm D and secures flush with the wall
- ▼ The kit includes the mounting block, deep surround and two fixing screws for the securing of the Prox Rex® or Em Rex® Units
- ▼ The mounting holes for fixing the units to the mounting block have metal inserts to prevent the threads from stripping.

Product Code:

- ▼ TDL-SMK
